Dear sirs,

We would like to introduce our brand and ourselves.  
The main brain of the brand is  
Leonardo Lovo, luxe and design lover and Designer Massimo Bellunato  
that designs and projects all the details and products of our Doge Veneziano.

We'd like to inform you that we have at the moment  
some important showrooms around the world:

- UK, London in Notthing Hill
- Russia in Novospassky
- Dubai - Villa Elegance
- Dubai - Wood Floor Middle est
- Italy, Padua our headquarter with showroom

Showroom in Shangai and in Casablanca will open soon.

You can have an idea of what we do reading  
our presentation and having a look of pictures here with enclosed.

We think it will be a good opportunity to cooperate together.

We can propose your products in our markets and  
showrooms and you can propose, maybe, ours in your business.

What do you think about it?

Next January, one Italian person will be definitely in London to expand our brand  
in that city with architects. If you think we can do also for you, let us know.

Hoping to have the opportunity to have a meeting with you,  
we remain at your disposal and we wish you a nice Day.

Leonardo Lovo Doge Veneziano

Mix of design, elegance, passion: Doge Veneziano realizes your dreams, turning them into a brilliant reality.

You can find in us the experience of skilled craftsmen who for years transform materials such as wood or marble in valuable elements that give value to the environment and a taste for beauty, the charm of luxury designed by leading architects.

The meeting of ideas and experiences of high value professionals has allowed us to create our company, our brand.

Doge Veneziano offers innovative, different, out of order products and is specialized in wood and Venetian beads working, curtain and furniture design. We are always searching of new solutions and trends with a continuous profusion of new ideas and projects, always characterized by elegance, good taste and exclusivity.

**PARQUET:** created with the highest quality wood, combined with a very glamorous painting and the use of minerals and precious, that make the floor a design able to enhance the most exclusive environments.

Attention to details, finish and ease of installation in a wonderful combination of wood and minerals.

**VENETIAN BEADS:** the charm of the floors of the old Venetian dwellings. Products considered "top of the range", reserved to rooms of a certain prestige and designed to meet the most demanding designers thanks to their technical and aesthetic qualities.

Completely natural elements consist of clusters of marble and precious materials.

**FURNISHINGS:** designed with special customizations

by Designer Massimo Bellunato in charge for twenty-five years of this world so special and elegant.

Each element is enhanced by new design lines and is made special by the integration of peculiarities such as wood, the skin, the swaroski, tissue, minerals, which are mixed together to create movement, originality and unique pieces.

You find in each complement the exaltation of luxury, beauty and design.  
The art of beauty.

**CURTAINS:** Doge Veneziano enhances the coordinated solution and that's why we decided to match the choice of the floor, the piece of furniture also that of the curtain. To have an extra touch, for a complete setting by Doge Veneziano style.
