Falper dispone di una gamma molto ampia di piani con lavabo integrato realizzati in Cristalplant Biobased e in Ceramilux. Il primo materiale si distingue per la formulazione bio derivata da resine vegetali e per la possibilità di realizzare forme e dimensioni anche speciali, mentre il Ceramilux opaco si caratterizza per un eccellente rapporto qualità prezzo soprattutto nelle dimensioni più contenute. / Falper has a very wide range of shelves with built-in washbasins made in Cristalplant Biobased and Ceramilux. The first material is characterized by the bio formulation derived from vegetable resins and allows for the possibility of also obtaining special shapes and sizes, while the matt Ceramilux is characterized by an excellent value for money, especially in smaller sizes.
