

WALLS WITHOUT LIMITS

wijMosaic®
MEET YOUR MOSAIC

MYMOSAIC PHOTOGRAPHIC EXPERIENCE

MYMOSAIC, NEW LIFE FOR YOUR WALLS

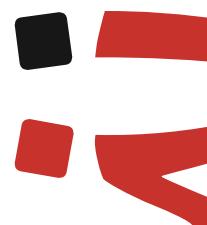

MYMOSAIC is an innovative and pioneering outcome grounded on the concept of the traditional mosaic with a glance on the latest and advanced technologies for interior and outdoor decoration.

MYMOSAIC, FROM IMAGE TO MOSAIC

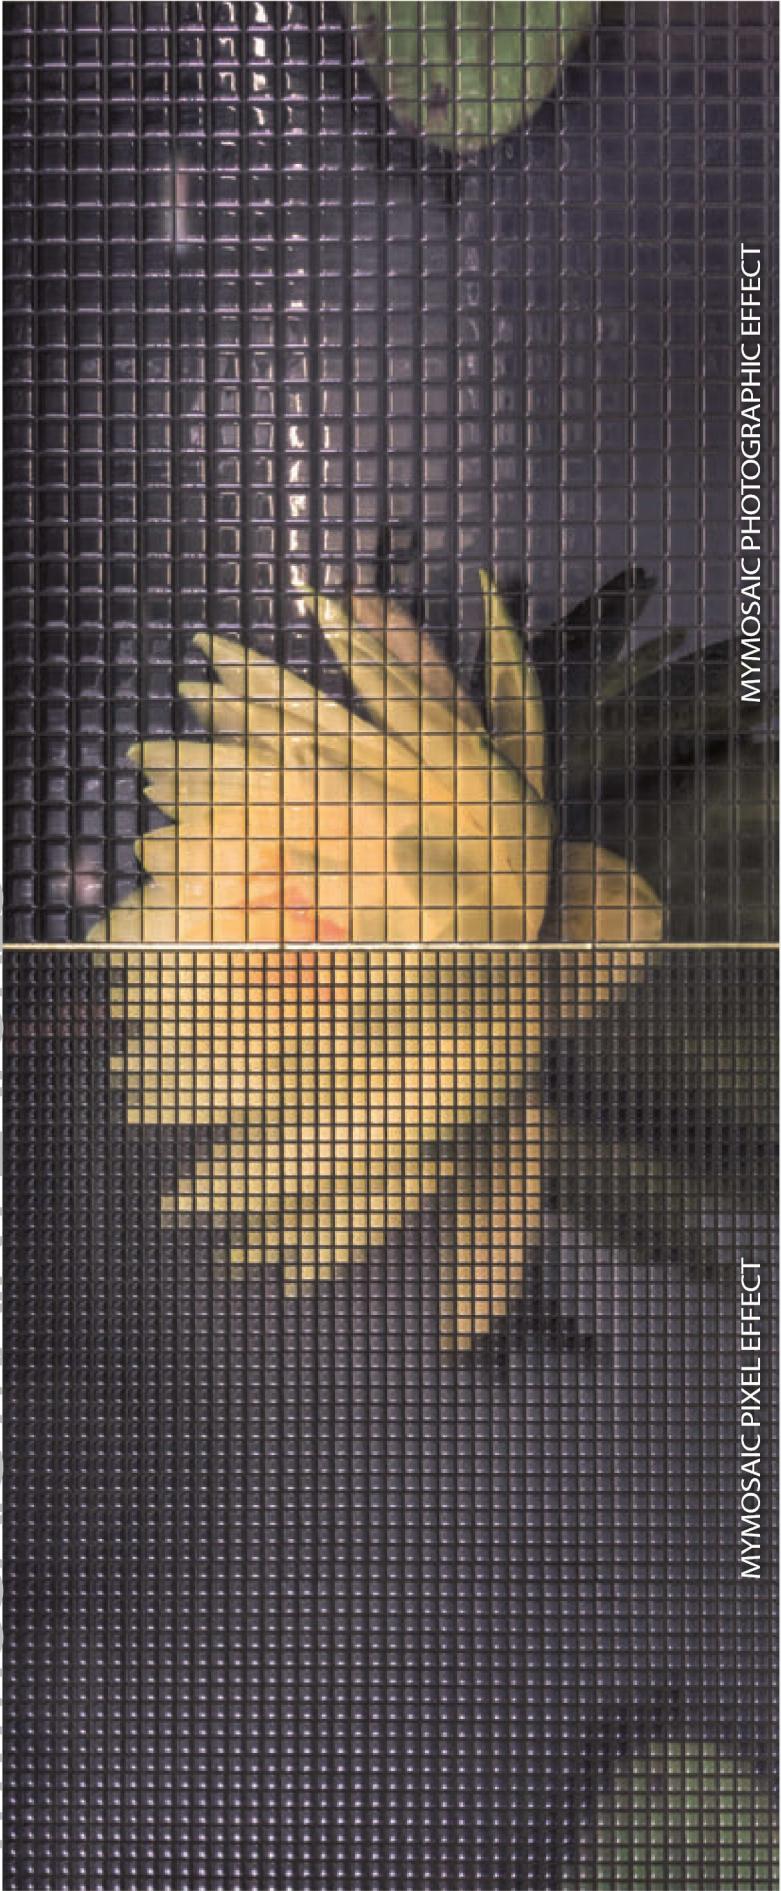

The possibility to transform any digital images into totally customizable 3D Mosaic, the extreme lightness and flexibility make MYMOSAIC a groundbreaking product among the wall covering materials.

MYMOSAIC, FOLLOW THE FUTURE

Being made of a self-extinguishing and heavy resistant nano-polymer, MYMOSAIC can be specifically listed for hospitality and commercial use since the specific characteristics of the MYMOSAIC Technology allow the application on large-scale projects.

MYMOSAIC MAIN FEATURES

LOW THICKNESS

With only 2 mm (0.07 In) of thickness
MYMOSAIC can be applied onto all
surfaces, particularly - in case of renovation
- onto existing tiles or covering.

EASY APPLICATION

MYMOSAIC arrangement is very intuitive:
each tile is sequentially numbered and an
assembly diagram is supplied with, to help
you during mymosaic application.

FLEXIBILITY

MYMOSAIC is flexible and capable of
wrapping around curved shapes.
Existing tiles or covering.

SIZELESS

MYMOSAIC can expand the image on
endless surfaces: *the limit is your wall!*

OUTDOOR

The MYMOSAIC tiles are outdoor resistant
and highly durable in time. MYMOSAIC
can inspire various applications thanks to
the high performances with any weather
conditions.

MYMOSAIC PHOTOGRAPHIC EFFECT

MYMOSAIC PIXEL EFFECT

BACKLIT

MYMOSAIC can be backlit providing
original optical Effects.

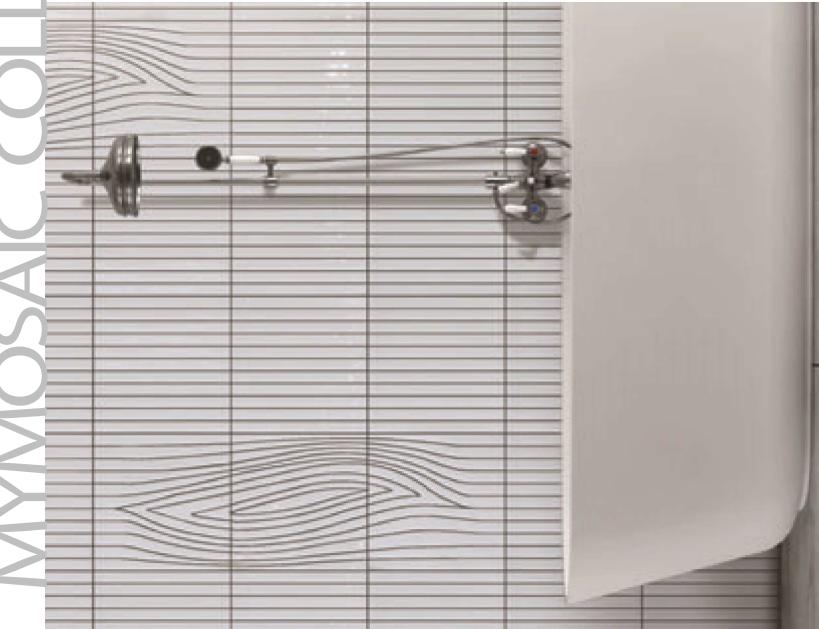

LIGHTWEIGHT

With only 1.2 Kg per sqm (3.9 Oz per sf)
MYMOSAIC can be applied onto all
surfaces, particularly onto drywalls,
ceilings, furniture, elevators and all
those materials with low weight-bearing
characteristics.

MYMOSAIC COLLECTIONS

MYMOSAIC "BASIC COLLECTION"

The BASIC COLLECTION has been designed using its unique characteristics in innovative ways combining special elements so creating unexpected and incomparable effects.

Shapes flexibility and digital effects merge into the main lines of the MYMOSAIC COLLECTION.

MYMOSAIC "ARTISTS COLLECTION"

The transformation of a graphic or photographic image into a mosaic leads naturally to the evolution of MYMOSAIC towards a signature Mosaic, yet with an extra touch: the cooperation with artists who can uniquely provide us with emotions to be transferred on a wall.

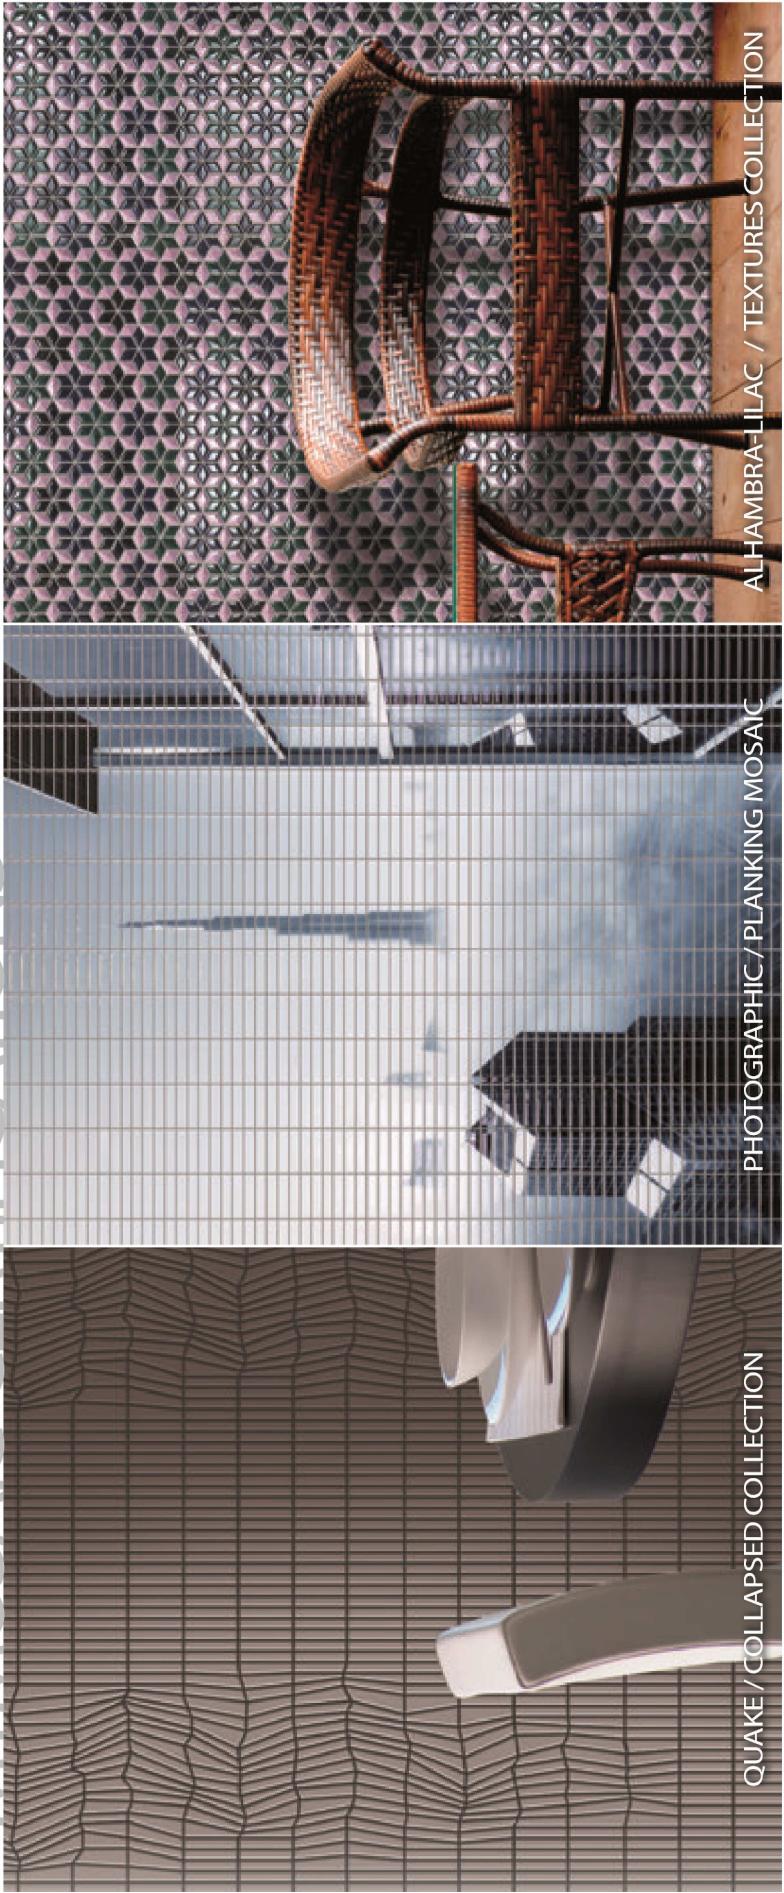

We are reminded of a place embellished by the artist's work, be it intimate or playful, colorful or black and white: the final touch we can never forget.

MYMOSAIC "TEXTURES COLLECTION"

A lightweight, convertible and eclectic material is what MyMosaic is made of: the essence of a challenge.

In this collection our aim is to recreate oriental atmospheres though revised in colors and depth, to discover optical games enriched in new shades, colors.

MY MOSAIC CERTIFICATIONS

ALHAMBRA-LILAC / TEXTURES COLLECTION

PHOTOGRAPHIC/PLANKING MOSAIC

QUAKE / COLLAPSED COLLECTION

OUTDOOR RESISTANCE TEST

Natural weathering resistance
Accelerated weathering tests
Acid rain resistance ASTM G87

CHEMICAL RESISTANCE TEST

Detergents & disinfectants resistance
Boiling water resistance
Water immersion resistance
Salt spray resistance

FLAME RESISTANCE TEST

Ignition to direct flame
Reaction to fire
Flammability resistance

OUTDOOR RESISTANCE TEST

Natural weathering resistance
Accelerated weathering tests
Acid rain resistance ASTM G87

ABRASION & WEAR RESISTANCE TEST

Abrasion resistance
Impact resistance
High pressure washing resistance

TEMPERATURE RESISTANCE TEST

Thermal cycles
Thermal shocks
Heat resistance

In compliance with UL,
ASTM STANDARDS (U.S.)
and E.U STANDARDS
